# Sponsoring “Summer School on Real-world Crypto and Privacy”, June 5-10, 2016, Sibenik, Croatia <http://summerschool-croatia.cs.ru.nl/>

## CONCEPT

After the big success of the summer school on cryptography and physical security organized in 2014 and the summer school on real-world crypto and privacy in 2015 (more than 130 participants from academia and industry in 2014 and more than 150 in 2015), we are planning the next edition of the *summer school on real-world crypto and privacy* in June 2016. The purpose of the school is to attract again not just Ph.D. students and postdocs, but also people from industry who are interested in recent developments in cryptography. The program will start with 2 days of plenary talks followed by 2 ½ days of more advanced talks on recent topics organized in two parallel sessions. Wednesday afternoon will feature an excursion to Split.

## ORGANIZATION

The school is jointly organized by the Digital Security (DS) group from Radboud University Nijmegen and the Faculty of Electrical Engineering and Computing (FER) Zagreb, Croatia.

## ADDRESSED AUDIENCE

The event aims at bringing together Ph.D. students, postdoctoral researchers and security experts from industry, interested in the following topics:

- Secure hardware and physical security
- Cryptography for the Internet
- Formal methods in cryptography
- Wireless security
- Crypto for systems security
- Privacy enhancing technologies
- Traffic analysis and countermeasures
- Recent developments in symmetric-key crypto
